On May 8, 2007, Ealy Hopkins & Associates, Prince William County's premier accounting firm for non-profits and small businesses, formally opened its doors with a ribbon-cutting ceremony and "Business Before Hours" Networking event.

Joe Martin, Chairman of the Prince William County - Greater Manassas Chamber of Commerce officiated the ribbon cutting. Also in attendance were Mercury Payton, Manassas Park City Manager, Vanessa Watson, Manassas Park City Planner and a host of local business owners and associates.

Ealy Hopkins had signed six new clients before the ribbon was cut; further testament to the positive growth in Manassas Park. The new offices are centrally located for clients in and around Manassas and Manassas Park, at 9110 Railroad Drive, Suite 220, Manassas Park, VA 20111; near the new Park Center downtown development.

"Today's event was a great kick-off, it's exciting to see a strong commitment at work in Manassas Park. I look forward to making a positive and significant impact on the community." says Barbara Hopkins, founder and managing director.

Barbara's passion for accounting is eclipsed only by her true commitment to the community. Outside of the office, she regularly speaks to churches, associations and other groups on financial and tax issues. She has volunteered as an English as a Second Language teacher and served on the Education Committee of the Greater Manassas Chamber of Commerce. Barbara is also very involved with her sorority, Sigma Gamma Rho, specifically the NoVa Alumnae Chapter, which focuses on youth and education within the community.

Ealy Hopkins has developed innovative and affordable solutions for non-profits and small businesses. Whether you are setting up new systems, keeping up with vital monthly accounting tasks, or needing consulting support; Ealy Hopkins will help you integrate the right systems and processes. Look to them for expert assistance for your day-to-day operations and to strengthen the finance, administration and management skills of your vital employees. With Ealy Hopkins, take control of your books, your taxes and your future.
